

Educational Trust Kashmir

Calendar of Activities 2023-24

The calendar of activities is spelled out to achieve the desired goals; various activities could be undertaken as per the following suggestive schedule. The schools can add more activities as per their local needs but calendar for the school for a particular academic year must be adhered at the beginning of the academic session and should be displayed prominently class wise in the school for easy access of the students and teachers.

01-04-2023	New Classification for Classes Nursery to 10th
First After 5 weeks	Unit I
July after 10 week	Unit II
September after 15 weeks	Term I exam
October after 20 weeks	Unit iii test
First week of December	Unit test/golden test
March after 30 weeks	Term II Exam

<p>Commencement of Academic Session</p>	<p>Principles of child learning include a fair and free environment that makes learning a joyous rather than onerous experience, aligned to the developmental stages of child and protecting from demotivation and adverse impact. Every effort needs to encourage students to reach class 9th with particular focus on regular assessment, evaluation and remedial teaching. Diagnostic tools necessitate both assessment as learning, assessment of learning and assessment for learning. Primary objective of the education system is not meant to test what student has been taught or to bring child under stress, but instead to identify potential learners and organizing remedial teaching on a sustained basis as an integral part of learning process.</p> <p>Once annual examinations are concluded, students be allowed to sit in the next class provisionally till the assessment reports are declared. In case of low performer students, they should be graded as "Needs Improvement" and such students shall be given special remedial teaching for academic support to attain the minimum qualifying level classes.</p>
<p>Winter/vacation/Holidays</p>	<p>The Winter/Summer vacations and other gazetted holidays shall be observed as per the Government orders. During the summer/Winter break it is imperative upon HOIs/ teachers to track every student maps their unique requirements for instruction delivery, and ensures that the child receives timely instructions and is tracked for progress made. The teachers will mentor/conduct remedial classes through blended mode for bridging the learning gaps.</p>
<p>First two days after Winter vacation</p>	<p>Celebrating Opening of Schools and preparations for the school activities & sharing of winter Experience. Interaction with Students and Parents. Devising Activity Calendar for the Academic session.</p>
